SUMMARY

I am a Computer Science and Engineering (CSE) student at BRAC University with a strong interest in problem-solving, cybersecurity, and software resilience. I am highly proficient in Python and have working knowledge of C, Django, Java, JavaScript, HTML, CSS, PHP, Dart, Flutter and MySQL. I actively participate in CTF (Capture The Flag) competitions and regularly solve problems on LeetCode, focusing on secure coding, vulnerability analysis, and debugging. I aim to build my career as a backend engineer as well as a cybersecurity engineer, specializing in scalable systems, threat detection, penetration testing, and secure system design.
